If your son was born before June 1, 2003 (and are currently in ninth grade and above), they have aged out of youth lacrosse. There will be a WBLAHS Boys 9th/10th grade team this spring, as well as JV and Varsity teams. If you are interested in high school lacrosse opportunities, be sure to add your name to the WBLAHS Boys Lacrosse Booster email list. Send an email to wblhslax@gmail.com to request to be added. Registration for high school teams will be through the high school and will open up this spring.
