

Join us for a

Manufacturing and Engineering Showcase

6:30-8 p.m.

December 16

WBLAHS - South Campus Theater

- Explore a Manufacturing and Engineering Careers Session.
 - Learn more about two of the fastest growing, high demand career fields at this information session. A panel of speakers from local manufacturing and engineering businesses will discuss opportunities available in these areas, as well as the skills students need to get hired in these sectors.
- Other opportunities that evening:
 - Open house in Lab areas
 - Display/demonstration of student work
 - FIRST Robotics Team 2207

Thank you to community volunteers from the following companies: Du Fresne Manufacturing, Herold Precision Metals, Heraeus, Mold Craft, States Manufacturing, Wilson Tool, Western Spring Manufacturing, Haberman Machine, Huot Manufacturing Company, Wyoming Machine, Medtronic, and Specialty Manufacturing Company.
