

**White Bear Lake Area Schools
School Board Meeting Highlights
January 28, 2019
Work-Study Meeting**

At the January 28, 2019 Work-Study Meeting of the White Bear Lake Area School Board, the following items were presented and discussed:

1. **Site Level Planning Progress Update to Board Liaisons.** Each Board member connected with the respective building leader for which they serve as a School Board liaison to hear about the site level planning process.

See the site plan documents [here](#).

2. **Comprehensive Facilities Plan Update.** Ninety community members and staff members served on a district facilities committee convened to study learning spaces, committee spaces, and physical conditions. Committee members met seven times during October, 2018 - January, 2019 and all meetings were facilitated by Paul Aplikowski and Sal Bagley from Wold Architects and Engineers. The final product of the committee's work was an agreed upon needs assessment. Aplikowski and Bagley presented a high level overview of the committee's work along with a summary of the needs assessments developed by each subcommittee.

4. **2018 Residential Survey Results from The Morris Leatherman Company.** Peter Leatherman from The Morris Leatherman Company presented to the School Board the results of a recently conducted residential survey. The survey was administered from December 4 through December 19, 2018 and included a 400 random household sample of School District residents.
