C. INFORMATION ITEMS

AGENDA ITEM: Update on Partnership with Hangzhou Foreign

Languages School

DATE: <u>August 8, 2016</u>

SUGGESTED DISPOSITION: <u>Discussion Item</u>

CONTACT PERSON(S): Dr. Michael Lovett, Superintendent

BACKGROUND:

In 2010, the White Bear Lake Area Schools formally joined a partnership sponsored by the Minnesota Department of Education in conjunction with Zhejiang Education Ministry in China. The partnership began with a formal signing of the partnership documents in 1987, and beginning in the 1988-89 school year Minnesota school districts began actively participating in the exchange.

The White Bear Lake Area Schools joined the partnership in 2010, following a request by the Hangzhou Foreign Languages School to work with the school district, made to the Superintendent when he visited Hangzhou Foreign Languages School in June of 2008.

The exchange is primarily a teacher exchange, with teachers from Hangzhou Foreign Languages School, a grade seven through twelve secondary program with a strong English teaching component. While in the White Bear Lake Area Schools the teachers provide support to our Chinese language program, and provide culture and language classes for student in K-12. Teachers stay with host families in accord with the guidelines provided by the Minnesota Department of Education.

The benefit for our student is significant, having opportunities to meet and learn from an outstanding representative of one of the key schools in China.

In turn, teachers from White Bear Lake Area Schools have the opportunity to travel to China for a semester or year-long opportunity to teach in the Hangzhou Foreign Languages School.

Since 2010, the following teachers from China have been part of our White Bear Lake Area Schools community living with host families and teaching side-by-side with our teachers:

- Spring 2010 Cao Li
- Spring 2011 Cunfu Lin (Luke)
- September 2011 January 2012 Sun Anjing (Anna)
- February July 2012 Yu Xia
- February July 2013 Zhang Lei (Susan)

- September June 2014 Jing Fang (Jane)
- January June 2015 Wang Zhenzhen (Hazel)
- September June 2016 Qin Yefen (Joyce)

In addition, the following teachers have taught in Hangzhou Foreign Languages School for a full semester:

- High School Social Studies Teacher Jessica Buchta;
- Middle School Health Teacher Lisa Brichacek; and
- High School Science Teacher David Cava

In addition, other teachers from White Bear Lake Area Schools have taught in the summer English Academy Program, a three week program at the Hangzhou Foreign Languages School for Chinese students.

In June of 2012, High School Principal Tim Wald and I traveled to Hangzhou Foreign Languages School as part of our partnership. After this visit, we initiated class to class connections, and some of our high school students visited the Hangzhou Foreign Languages School. This June, I spent five days in Hangzhou meeting with the administration and staff who have been to Minnesota as part of the partnership.

At the School Board meeting we will briefly present the status of the partnership, and potential next steps in this important partnership for the White Bear Lake Area Schools.

Background:

The purpose of this review is to update you on progress regarding the Elementary Gifted and Talented Program Recommendations approved by the School Board on January 2013. The main areas of that report are summarized below.

- *Programming Structure and Development:* The cluster grouping model will be implemented and a self-contained classroom-based model will be designed to meet the needs of students with exceptional academic abilities.
- *Identification and Assessment of Student Learning:* The identification process will be adjusted to reflect the programming structure. It will reflect greater cultural sensitivity and include a parent assessment component.

Please find the following attachments:

- Elementary Gifted Programming Pyramid A graphic that explains the Elementary Gifted and Talented Programming Levels of Services that are now offered in White Bear Lake Area Schools.
- **Gifted Programming Implementation** A chart that summarizes the activity that has taken place in the last three school years, the time period following the Gifted and Talented Task Force recommendations approved in January 2012.

• **Percent of Students Who Met Yearly MAP Growth Goals** – A chart showing the percentage of gifted students who met their growth goals as established by NWEA MAP during the 2014-15 school year. MAP Testing provides students with a growth target to achieve between fall and spring testing. This growth target is calculated so that nationally, 50% of students meet their fall to spring growth targets.

In District 624, 75% of grade 4 gifted cluster students met their fall to spring growth targets in reading; 87% in math. In grade 5, 77% of gifted cluster students met their fall to spring growth targets in reading; 83% in math.

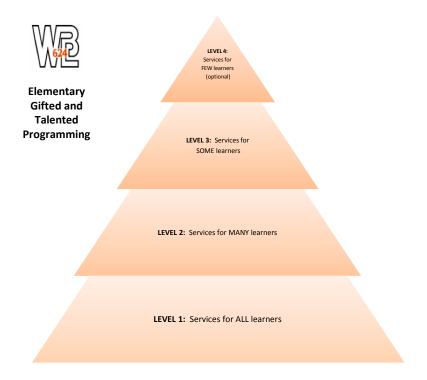

• **Results of Surveys** – Each year surveys are given to elementary principals, gifted cluster teachers, and parents of students in the gifted clusters. Data received focuses mainly in the areas of knowledge of giftedness, program support, and academic rigor.

The results of the 2014-15 school year surveys are attached. In all areas, the results from principals, teachers, and parents show overwhelming support for the gifted cluster program. The 2015-16 results are still being tabulated for both the gifted cluster program and the Explorations Program.

AGENDA ITEM: <u>MacPhail Center for Music Partnership</u>

DATE: <u>August 8, 2016</u>

SUGGESTED DISPOSITION: <u>Discussion Item</u>

CONTACT PERSON(S): Dr. Wayne Kazmierczak, Director of Finance and

Operations

Dr. Michael Lovett, Superintendent

BACKGROUND:

In 2006 the School Board first approved a contract which began the partnership between the MacPhail Center for Music and the District. The program is located at Birch Lake Elementary School.

This partnership provides students of Birch Lake with a significant music experience during their years of attendance at the school. It also provides the opportunity for students and families of our District, as well as surrounding districts, to take lessons and participate in other programs that are offered by MacPhail.

Beginning with the 2008-09 school year, the partnership expanded to provide group piano lessons during the school day to students in grades 2-5. By 2009-10 nearly 40% of Birch Lake Elementary students participated in the piano lessons. A specialized music program is also provided weekly to students in grades K and 1.

In 2010-11 we added violin lessons as an option for students in grades 3; in 2011-12 we added grade 4; and in 2012-13 we added grade 5. In 2015-16 when we added a strings program at grade 5, for 2015-16 Birch students had an opportunity to choose piano (grades 2-5) or violin (grades 2-4).

We also want to acknowledge the other benefits that come to our community and students as a result of this partnership. MacPhail has been generous in providing resources and expertise to our secondary music program at no cost, as well as offering student lesson scholarships.

We will take action on the contract in agenda Item E-1.

AGENDA ITEM: Partnership with White Bear Center for the Arts

MEETING DATE: August 8, 2016

SUGGESTED DISPOSITION: <u>Discussion Item</u>

CONTACT PERSON(S): <u>Dr. Michael Lovett, Superintendent</u>

Sara Paul, Assistant Superintendent

Ann Malwitz, Professional Learning & Development

Coordinator

BACKGROUND:

For the past eight years, the White Bear Lake Area Schools and the White Bear Center for the Arts have engaged in an innovative partnership which provides professionally taught art lessons to all elementary students K-12.

For the first three years, all students received three water color lessons through this partnership. Beginning in 2011-12 we added two drawing lessons. In 2013-14 we added one professionally taught lesson which would draw from the traditions of fabric-based art. These draw on rich cultural traditions within our community, including Hmong culture. We embed this additional professionally taught art class into each grade K-5 to meet either a social studies or language arts state curriculum standard.

In addition to this successful elementary program which has been honored with the University of Minnesota Humphrey Institute Innovation Award, the Center for the Arts has increased our partnership with middle and high school art teachers.

This evening we will provide an overview of this program, with action on this year's contract in Agenda Item E-2.
