Agenda Item D-1 August 10, 2009 School Board Meeting

AGENDA ITEM:	School Board Policy #705, Investments
MEETING DATE:	<u>August 10, 2009</u>
SUGGESTED DISPOSITION:	Discussion Item
CONTACT PERSON(S):	Pete Willcoxon, Executive Director of Business Services

## **BACKGROUND:**

School Board Policy 705, Investments, has been reviewed by the School Board Policy Committee and is recommended for a first reading. The changes recommended are consistent with those recommended by MSBA and the Finance Committee.

**RECOMMENDATION:** To review the policy and provide suggestions or feedback to the administration, with the policy placed on the September 14, 2009 School Board meeting agenda or subsequent meeting as an operational item for action.

# 705 INVESTMENTS

# I. PURPOSE

The purpose of this policy is to establish guidelines for the investment of school district funds.

# II. GENERAL STATEMENT OF POLICY

It is the policy of this school district to comply with all state laws relating to investments and to guarantee that investments meet certain primary criteria.

# III. SCOPE

This policy applies to all investments of the surplus funds of the school district, regardless of the fund accounts in which they are maintained, unless certain investments are specifically exempted by the school board through formal action.

# **IV. AUTHORITY; OBJECTIVES**

- A. The funds of the school district shall be deposited or invested in accordance with this policy, Minn. Stat. **CH. 118A** <u>§§ 118.005, 118.01, 124.05, 475.66, 475.76</u>, and any other applicable law or written administrative procedures.
- B. The primary criteria for the investment of the funds of the school district, in priority order, are as follows
  - 1. <u>Safety and Security</u>. Safety of principal is the first priority. The investments of the school district shall be undertaken in a manner that seeks to ensure the preservation of the capital in the overall investment portfolio.
  - 2. <u>Liquidity</u>. The funds shall be invested to assure that funds are available to meet immediate payment requirements, including payroll, accounts payable and debt service.
  - 3. <u>Return and Yield</u>. The investments shall be managed in a manner to attain a market rate of return through various economic and budgetary cycles, while preserving and protecting the capital in the investment portfolio and taking into account constraints on risk and cash flow requirements.

# V. DELEGATION OF AUTHORITY

- A. The **Executive Director of Business Services** Director of Finance of the school district is designated as the investment officer of the school district and is responsible for investment decisions and activities under the direction of the school board. The investment officer shall operate the school district's investment program consistent with this policy. The investment officer may delegate certain duties to a designee or designees, but shall remain responsible for the operation of the program.
- B. All officials and employees that are a part of the investment process shall act professionally and responsibly as custodians of the public trust, and shall refrain from personal business activity that could conflict with the investment program or which could reasonably cause others to question the process and integrity of the investment program. The investment officer shall avoid any transaction that could impair public confidence in the school district.

# VI. STANDARD OF CONDUCT

The standard of conduct regarding school district investments to be applied by the investment officer shall be the "prudent person standard." Under this standard, the investment officer shall exercise that degree of judgment and care, under the circumstances then prevailing, that persons of prudence, discretion and intelligence would exercise in the management of their own affairs, investing not for speculation and considering the probable safety of their capital as well as the probable investment return to be derived from their assets. The prudent person standard shall be applied in the context of managing the overall investment portfolio of the school district. The investment officer, acting in accordance with this policy and exercising due diligence, judgment and care commensurate with the risk, shall not be held personally responsible for a specific security's performance or for market price changes. Deviations from expectations shall be reported in a timely manner and appropriate actions shall be taken to control adverse developments.

# VII. MONITORING AND ADJUSTING INVESTMENTS

The investment officer shall routinely monitor existing investments and the contents of the school district's investment portfolio, the available markets and the relative value of competing investment instruments.

# VIII. INTERNAL CONTROLS

The investment officer shall establish a system of internal controls which shall be documented in writing. The internal controls shall be reviewed by the school board and shall be annually reviewed for compliance by the school district's independent auditors. The internal controls shall be designed to prevent and control losses of public funds due to fraud, error, misrepresentation, unanticipated market changes or imprudent actions by officers, employees or others. The internal controls may include, but shall not be limited to, provisions relating to control of collusion, separation of functions, separation of transaction authority from accounting and record keeping, custodial safekeeping, avoidance of bearer form securities, clear delegation of authority to applicable staff

members, limitations regarding securities losses and remedial action, written confirmation of telephone transactions, supervisory control of employee actions, minimizing the number of authorized investment officials, and documentation of transactions and strategies.

# IX. PERMISSIBLE INVESTMENT INSTRUMENTS

The school district may invest its available funds in those instruments specified in Minn. Stat. <u>§ 475.66</u> **§§118A.04 and 118A.05**, as that those sections may be amended from time to time, or any other law governing the investment of school district funds.

The assets of a trust or trust account established pursuant to Minn. Stat. §471.6175 to pay postemployment benefits to employees or officers after their termination of service, with a trust administrator other than the Public Employees Retirement Association, may be invested in instruments authorized under Minn. Stat. Ch. 118A or § 356A.06, Subd. 7.

Investment of funds in an OPEB trust or trust account under Minn. Stat. § 356A.06, Subd. 7, as well as the overall asset allocation strategy for OPEB trust investments, shall be governed by the District's Investment Policy Statement (IPS) developed in conjunction with the Finance Committee and the trust administrator.

# X. PORTFOLIO DIVERSIFICATION; MATURITIES

- A. Limitations on instruments, diversification and maturity scheduling shall depend on whether the funds being invested are considered short-term or long-term funds. All funds shall normally be considered short-term except those reserved for building construction projects or specific future projects and any unreserved funds used to provide financial-related managerial flexibility for future fiscal years.
- B. The school district shall diversify its investments to avoid incurring unreasonable risks inherent in over-investing in specific instruments, individual financial institutions or maturities.
  - 1. The investment officer shall prepare and present **a table** to the school board for its review and approval. <del>a table</del> **The table shall** specify<del>ing</del> the maximum percentage of the school district's investment portfolio that may be invested in a single type of investment instrument, such as U.S. Treasury Obligations, certificates of deposit, repurchase agreements, banker's acceptances, commercial paper, etc. The approved table shall be attached as an exhibit to this policy and shall be incorporated herein by reference.
  - 2. Investment maturities shall be scheduled to coincide with projected school district cash flow needs, taking into account large routine or scheduled expenditures, as well as anticipated dates of receipt of anticipated revenues. Maturities for short-term and long-term investments shall be timed according to anticipated need. Within these parameters, portfolio

maturities shall be staggered to avoid undue concentration of assets and a specific maturity sector. The maturities selected shall provide for stability of income and reasonable liquidity.

# XI. COMPETITIVE SELECTION OF INVESTMENT INSTRUMENTS

Before the school district invests any surplus funds in a specific investment instrument, a competitive bid or quotation process shall be utilized. If a specific maturity date is required, either for cash flow purposes or for conformance to maturity guidelines, quotations or bids shall be requested for instruments which meet the maturity requirement. If no specific maturity is required, a market trend analysis, which includes a yield curve, will normally be used to determine which maturities would be most advantageous. Quotations or bids shall be requested for various options with regard to term and instrument. The school district will accept the quotation or bid which provides the highest rate of return within the maturity required and within the limits of this policy. Generally all quotations or bids will be computed on a consistent basis, i.e., a 360-day or a 365-day yield. Records will be kept of the quotations or bids received, the quotations or bids accepted and a brief explanation of the decision that was made regarding the investment. If the school district contracts with an investment advisor, bids are not required in those circumstances specified in the contract with the advisor.

# XII. QUALIFIED INSTITUTIONS AND BROKER-DEALERS

- A. The school district shall maintain a list of the financial institutions that are approved for investment purposes.
- B. Prior to completing an initial transaction with a broker, the school district shall provide to the broker a written statement of investment restrictions which shall include a provision that all future investments are to be made in accordance with Minnesota Statutes governing the investment of public funds. The broker must acknowledge receipt of the statement of investment restrictions and agree to handle the school district's account in accordance with these restrictions. The school district may not enter into a transaction with a broker until the broker has provided this written agreement to the school district. The notification form to be used shall be that prepared by the State Auditor. A copy of this investment policy, including any amendments thereto, shall be provided to each such broker.

# XIII. SAFEKEEPING AND COLLATERALIZATION

A. All investment securities purchased by the school district shall be held in third-party safekeeping by an institution designated as custodial agent. The custodial agent may be any federal reserve bank, any bank authorized under the laws of the United States or any state to exercise corporate trust powers, a primary reporting dealer in United States Government securities to the Federal Reserve Bank of New York, or a securities broker-dealer defined in Minn. Stat. § 475.66 118A.06. The institution or dealer shall issue a safekeeping receipt to the school district listing the specific instrument, the name of the issuer, the name in which the security is held, the rate, the maturity, serial numbers and other distinguishing marks, and other pertinent information.

- B. Deposit-type securities shall be collateralized as required by Minn. Stat. § 118.01 118A.03 for any amount exceeding FDIC, SAIF, BIF or FCUA, or other federal deposit coverage.
- C. Repurchase agreements shall be secured by the physical delivery or transfer against payment of the collateral securities to a third party or custodial agent for safekeeping. The school district may accept a safekeeping receipt instead of requiring physical delivery or third-party safekeeping of collateral on overnight repurchase agreements of less than \$1,000,000.

# XIV. REPORTING REQUIREMENTS

- A. Pursuant to investments made under Minn. Stat. §§118A.04 and 118A.05, the investment officer shall generate transaction reports for management purposes, as needed. In addition, the school board shall be provided a quarterly report that shall include data on investment instruments being held as well as any narrative necessary for clarification.
- B. Pursuant to investments made under Minn. Stat. § 356A.06, Subd. 7, the trust administrator shall provide quarterly reports to the school board on all trust fund activity, as well as market updates, economic developments, strategic planning, and changes in investment instruments and asset allocation strategy approved by the Finance Committee.
- C. Within ninety (90) days after the end of each fiscal year of the school district, the investment officer shall prepare and submit to the school board a comprehensive annual report on the investment program and investment activity of the school district for that fiscal year. The annual report shall include 12-month and separate quarterly comparisons of return and shall suggest revisions and improvements that might be made in the investment program.
- D. If necessary, the investment officer shall establish systems and procedures to comply with applicable federal laws and regulations governing the investment of bond proceeds and funds in a debt service account for a bond issue. The record keeping system shall be reviewed annually by the independent auditor or by another party contracted or designated to review investments for arbitrage rebate or penalty calculation purposes.

# XV. DEPOSITORIES

The school board shall annually designate one or more official depositories for school district funds. The treasurer and or the chief financial officer of the school district may also exercise the power of the school board to designate a depository. The school board shall be provided notice of any such designation by its next regular meeting. The school district and the depository shall each comply with the provisions of Minn. Stat. § 118.01 118A.03 and any other applicable law, including any provisions relating to designation of a depository, qualifying institutions, depository bonds, and approval, deposit, assignment, substitution, addition and withdrawal of collateral.

# XVI. ELECTRONIC FUNDS TRANSFER OF FUNDS FOR INVESTMENT

The school district may make electronic fund transfers for investments of excess funds upon compliance with Minn. Stat. § 471.38.

School Board Policy 412, Expense Reimbursement, has been reviewed by the School Board Policy Committee and is recommended for a first reading. The changes recommended are consistent with those recommended by MSBA and common practices in other school districts. Adopted: <u>May 13, 1996</u> Revised: <u>November 8, 2007</u>

## 412 EXPENSE REIMBURSEMENT

#### I. PURPOSE

The purpose of this policy is to identify school district business expenses that involve initial payment by an employee and qualify for reimbursement from the school district, and to specify the manner by which the employee seeks reimbursement.

#### II. AUTHORIZATION

All school district business expenses to be reimbursed must be approved by the supervising administrator. Such expenses to be reimbursed may include transportation, meals, lodging, registration fees, required materials, parking fees and other reasonable and necessary school district business-related expenses.

#### III. REIMBURSEMENT

- B. Automobile travel shall be reimbursed at the mileage rate set by the IRS or as provided for by the employee's contract. Commercial transportation shall reflect economy fares and shall be reimbursed only for the actual cost of the trip. For out-of-state travel, the rate paid will be the tourist airline fare. If a private car is used for out-of-state travel, the amount paid will be the lesser of the airfare as indicated, or the actual mileage at the approved rates.
- C. All contract provisions for expense reimbursements must meet IRS regulations. If there are any contract provisions that appear to be inconsistent with IRS regulations, the expense reimbursed under these provisions will be reported by the district accounting office to the IRS and the employee on the employee's W-2 form.
- D. Conference request and Expense reimbursement forms must clearly state the type of expenditures incurred and the reason for the expenditure. This information should include: place visited, business or school purpose, function attended, and the actual costs.
- E. Hotel or motel cost reimbursement will be on the basis of a receipt presented for the actual cost of the room, not to exceed \$125.00 per day. Lodging expenses in

#### -56-

Exceptions to the lodging reimbursement rate will be made by the Superintendent or the Superintendent's designee when warranted based upon presiding lodging rates at the city of destination.

- F. Food costs will be reimbursed on the basis of the actual cost of the meals, not to exceed \$45.00 per day, including tips, unless special conference banquet arrangements necessitate an increased cost in which case a statement to that effect shall be submitted.
- G. Meals for other individuals, laundry, personal telephone calls, liquor, and entertainment are not reimbursable expenses.

#### IV. REQUEST PROCEDURE

All conference requests from the building level must be approved by the building principal and the appropriate Director. Requests by District office staff must be approved by their immediate administrative supervisor. Staff Development guidelines must be followed when Staff Development funds are used for travel.

*White Bear Lake Area School District* #624 *Policy* 410

# 410 FAMILY AND MEDICAL LEAVE POLICY

## I. PURPOSE

The purpose of this policy is to provide for family and medical leave to school district employees in accordance with the Family and Medical Leave Act and also with parenting leave under state law.

# II. GENERAL STATEMENT OF POLICY

The following procedures and policies regarding family and medical leave are adopted by the school district, pursuant to the requirements of the Family and Medical Leave Act of 1993 (FMLA) and consistent with the requirements of the Minnesota Parenting Leave laws.

# III. DEFINITIONS

- A. "Active duty" or "call to active duty" means a federal call to active duty as a member of the reserve components (Army National Guard, Army Reserve, Navy Reserve, Marine Corps Reserve, Air National Guard, Air Force Reserve, and Coast Guard Reserve) or a retired member of the regular Armed Forces or reserve component in support of a contingency operation. For purposes of this policy, active duty or call to active duty status does not include members of the regular Armed Forces.
- B. "Contingency operation" means a military operation that is designated by the Secretary of Defense as an operation in which members of the Armed Forces are or may become involved in military actions, operations, or hostilities against an enemy of the United States or against an opposing military force or which results in the call or order to, or retention on, active duty of members of the uniformed services under federal law or any other provision of law during a war or during a national emergency declared by the President of Congress.
- <u>C.</u> <u>"Covered military member" means the employee's spouse, son, daughter, or</u> parent on active duty or call to active duty status.
- D. "Covered servicemember" means a current member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness incurred in the line of duty while on active duty that may render the

servicemember medically unfit to perform the duties of his or her office, grade, rank, or rating.

- <u>E.</u> "Eligible employee" means an employee who has been employed by the school district for a total of at least 12 months and who has been employed for at least 1.250 hours of service during the 12-month period immediately preceding the commencement of the leave. While the 12 month of employment need not be consecutive, employment periods prior to a break in service of seven years or more may not be counted unless the break is occasioned by the employee's fulfillment of his or her National Guard or Reserve military service obligation or a written agreement, including a collective bargaining agreement, exists concerning the school district's intention to rehire the employee after the break in service.
- F. "Next of kin of a covered servicemember" means the nearest blood relative other than the covered servicemember's spouse, parent, son, or daughter, in the following order of priority: blood relatives who have been grated legal custody of the covered servicemember by court decree or statutory provisions, brothers and sisters, grandparents, aunts and uncles, and first cousins, unless the covered servicemember has specifically designated in writing another blood relative as his or her nearest blood relative for purposes of military caregiver leave under the FMLA. When no such designation is made and there are multiple family members with the same level of relationship to covered servicemember, all such family members shall be considered the covered servicemember next of kin, and the employee may take FMLA leave to provide care to the covered servicemember, either consecutively or simultaneously. When such designation has been made, the designated individual shall be deemed to be the covered servicemember's only next of kin.
- G. <u>"Qualifying exigency" means a situation where the eligible employee seeks leave</u> for one or more of the following reasons:

1. to address any issues that arise from a short-notice deployment (seven calendar days or less) of a covered military member;

2. to attend military events and related activities of a covered military member;

3. to address issues related to childcare and school activities of a covered military member's child;

4. to address financial and legal arrangements for a covered military member;

5. to attend counseling provided by someone other than a health care provider for oneself, a covered military member, or his/her child;

6. to spend up to five days with a covered military member who is on shortterm, temporary rest and recuperation leave during a period of deployment;

- 60-

7. to attend post-deployment activities related to a covered military member; and

8. to address other events related to a covered military member that both the employee and school district agree is a qualifying exigency.

# IV. LEAVE ENTITLEMENT

#### A. <u>Twelve-week Leave</u>.

- 1. Regular full-time and part-time employees who have been employed by the school district for at least-12 months and have worked at least 1,250 hours during the 12 month period immediately preceding the commencement of the leave Eligible employees are entitled to a total of 12 work weeks of unpaid family or medical leave during the applicable 12-month period as defined below, plus any additional leave as required by law. Leave may be taken for one or more of the following reasons in accordance with applicable law:
  - a. birth of the employee's child and to care for such child;
  - b. placement of an adopted or foster child with the employee;
  - c. to care for the employee's spouse, son, daughter, or parent with a serious health condition; and/or
  - d. the employee's serious health condition makes the employee unable to perform the functions of the employee's job; and/or
  - e. any qualifying exigency arising from the employee's spouse, son, daughter, or parent being on active duty, or notified of an impending call or order to active duty, in the reserve component of the Armed Forces or a retired member of the regular Armed Forces or reserve component in support of a contingency operation.
- 2. For the purposes of this policy, "year" is defined as a rolling 12-month period measured backward from the date an employee's leave is to commence uses any leave.
- 3. <u>An employee's entitlement to FMLA leave for the birth, adoption, or foster care of a child expires at the end of the 12-month period beginning on the date of the birth or placement.</u>
- 3.4. A "serious health condition" typically requires either inpatient care or continuing treatment by or under the supervision of a health care provider, as defined by applicable law. Family and medical leave generally is not

#### -61-

intended to cover short term conditions for which treatment and recovery are very brief.

- 4. 5. Eligible spouses employed by the school district are limited to an aggregate of twelve 12 weeks of leave during any 12-month period for the birth and care of a newborn child or adoption of a child, the placement of a child for foster care or to care for a parent. This limitation for spouses employed by the school district does not apply to leave taken by one spouse to care for the other spouse who is seriously ill, to care for a child with a serious health condition; or because of the employee's own serious health condition; or pursuant to Paragraph IV.A.l.e. above.
- 5.6. Depending on the type of leave, intermittent or reduced schedule leave may be granted at the discretion of the school district or when medically necessary. However, part-time employees are only eligible for a pro-rata portion of leave to be used on an intermittent or reduced schedule basis, based on their average hours worked per week. Where an intermittent or reduced schedule leave is foreseeable based on planned medical treatment, the school district may transfer the employee temporarily to an available alternative position for which the employee is qualified and which better accommodates recurring periods of leave than does the employee's regular position, and which has equivalent pay and benefits.
- 6.7. If an employee requests a leave for the serious health condition of the employee or the employee's spouse, child or parent, the employee will be required to submit sufficient medical certification. In such a case, the employee must submit the medical certification within 15 days from the date of the request or as soon as practicable under the circumstances.
- 7.8. If the school district has reason to doubt the validity of a health care provider's certification, it may require a second opinion at the school district's expense. If the opinions of the first and second health care providers differ, the school district may require certification from a third health care provider at the school district's expense. An employee may also be required to present a certification from a health care provider indicating that the employee is able to return to work.
- 8. 9. <u>Requests for leave shall be made to the school district. When leave relates to an employee's spouse, son, daughter, or parent being on active duty, or notified of an impending call or order to active duty pursuant to Paragraph IV.A.1.e. above, and such leave is foreseeable, the employee shall provide reasonable and practical notice to the school district of the need for leave. For all other leaves, employees must give 30 days' written notice of a leave of absence where practicable. The failure to provide the required notice may result in a delay of the requested leave. Employees are expected to make a reasonable effort to schedule leaves resulting from</u>

planned medical treatment so as not to disrupt unduly the operations of the school district, subject to and in coordination with the health care provider.

- 10. The school district may require that a request for leave under Paragraph IV. A.1.e. above be supported by a copy of the covered military member's active duty orders or other documentation issued by the military indicating active duty or a call to active duty status in support of a contingency operation and the dates of active duty service. AGENDA ITEM: Legislative Changes to Truth in Taxation Process.

MEETING DATE: August 10, 2009

SUGGESTED DISPOSITION: Discussion Item

CONTACT PERSON: Pete Willcoxon Executive Director of Business Services

#### Background:

For the past several years, depending on the amount of increase in their local property tax levy, school districts and other governmental bodies have been required to conduct a separate meeting called the Truth in Taxation Hearing.

Legislative changes, enacted during this past session, have eliminated the requirement for school districts to conduct these as a separate hearing.

The major change requires that a school district announce the time and place of its subsequent regularly scheduled meeting at which the budget and levy will be discussed and at which the public will be allowed to speak. This announcement is to be made at the board meeting when the proposed property tax levy is certified and also included in the summary of these proceedings published in the official newspaper.

This provision requires school districts to discuss the levy and budget, which we have typically done at our Truth in Taxation Hearing.

In summary, the new schedule will look like this:

<u>September 14, 2009</u>: School Board will certify the proposed property tax levy and set December 14, 2009 as the date for the truth in taxation hearing. It will be part of the school board agenda that evening.

<u>November 11 through November 24</u>: County auditors mail parcel-specific notices to property owners within the school district.

<u>December 14, 2009</u>: Truth in taxation information will be presented and the public will have the opportunity to speak. The School Board will adopt the certified property tax levy payable 2010 as an operational item later on that agenda.

**Recommendation:** 

No formal action is required at this time.

- To: County Board Chairs, County Auditors, School District Superintendents, City Finance Officials of Cities over 500 Population, and Metro Special Taxing Districts
- **RE: (1)** Repeal of Exemption from the Truth in Taxation Public Hearing and Publication Requirements
  - (2) Truth in Taxation Requirements for Taxes Payable in 2010
  - (3) Payable 2010 Proposed Property Taxes Parcel Specific Notice
  - (4) Repeal of the Published (Posted) Notices
  - (5) The Certification of Compliance with Truth in Taxation for the Taxes Payable Year 2010

All counties, all school districts, all cities over 500 population, and all metropolitan special taxing districts are required to hold public hearings for the taxes payable year 2010, to give notice of their public hearings, and to certify their compliance with the Truth in Taxation Law. The meeting, in which the public is allowed to speak and the budget and levy is discussed, may be part of a regularly scheduled meeting but must occur after 6:00 PM. The meeting date does not need to be coordinated with the home county auditor to avoid conflicting with meetings occurring in overlapping taxing authorities.

# Repeal of Exemption from the Public Hearing and Publication Requirements

In previous years it was possible for local jurisdictions to avoid holding a Truth in Taxation public hearing if their current year levy did not exceed their previous year levy by a percentage equal to the implicit price deflator. This exemption has been repealed as part of the Truth in Taxation reform that came out of the 2009 legislative session.

### Truth in Taxation Requirements for Taxes Payable in 2010

The Department of Revenue's website contains documents that should be used as guides for scheduling and holding public hearings, adopting/certifying a proposed and a final property tax levy, and monitoring compliance with the Truth in Taxation Law. These companion documents include the "Payable 2010 Truth in Taxation Instructions," the "Calendar for Proposed Property Taxes, Public Hearings, and Final Property Taxes for Payable 2010,", and the "Truth in Taxation Checklist – Payable 2010." These documents are on the Department of Revenue's web page.

# Pavable 2010 Proposed Property Taxes Parcel Specific Notice

The website also contains documents that have been prepared for the county auditors and county treasurers to use in preparing the payable 2010 proposed property taxes parcel specific notices. These include various examples of the prescribed form of parcel specific notices, the

# **Repeal of the Published (Posted) Notices**

Legislation passed in the 2009 session repealed the requirement to publish or post a notice of Truth in Taxation public hearings. Local jurisdictions are still required to provide TNT public hearing information (with the proposed levy certification) to the county auditor to include with the parcel specific notice. However, the hearing dates no longer need to be coordinated to avoid local governments holding hearings at the same time.

### Certification of Compliance with Truth in Taxation

Each county, school district, city over 500 population, and metropolitan special taxing district must complete a PT FORM TNT-2010 "Certification of Truth in Taxation – Taxes Payable 2010" and submit it to the Department of Revenue after it has adopted its final levy and certified the final levy to the county auditor. The form must be completed in full and signed by the authorized representative of the local government. This document is on the Department of Revenue's web page.

If your taxing authority has increased its payable 2010 final property tax levy above its proposed property tax levy by any of the allowable "add-on" levies, the "Supplement to PT FORM TNT-2010" must also be completed and submitted to the Department of Revenue. The allowable "add-on" levies are identified on the Supplement. If this does not apply to your taxing authority, do not complete or return the Supplement. This document is also on the Department of Revenue's web page.

Please submit the PT FORM TNT-2010 and the Supplement (if applicable), to the Department of Revenue, Property Tax Division, Mail Station 3340, St. Paul, Minnesota 55146-3340. A copy of a completed Supplement should also be submitted to the county auditor.

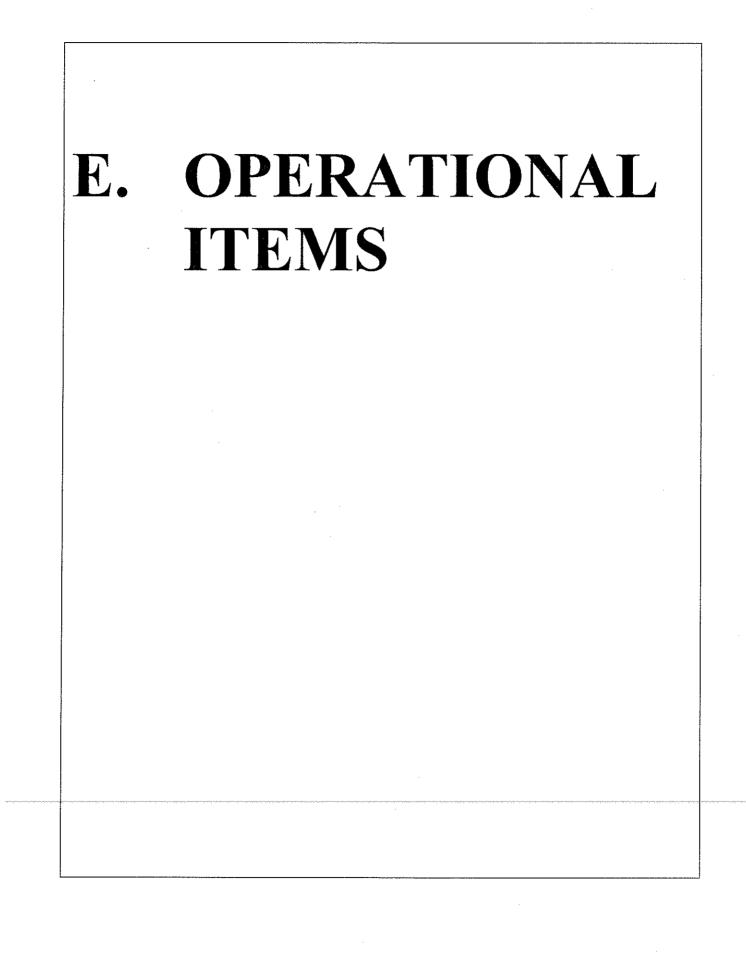

The deadline for submitting the PT FORM TNT-2010 and Supplement (if applicable) to the county auditor is January 1, 2010. However, please submit the documents as soon as you adopt your taxing authority's final property tax levy. This will prevent questions concerning the final property tax levy arising after the county auditor has begun to spread the levy.

If you have any questions concerning this letter, please feel free to contact me.

Sincerely,

AGENDA ITEM:	Action on Membership with AMSD	
MEETING DATE:	<u>August 10, 2009</u>	
SUGGESTED DISPOSITION:	<b>Operational Item</b>	
CONTACT PERSON(S):	<u>Dr. Michael Lovett, Superintendent</u>

# **BACKGROUND:**

The White Bear Lake Area School District received an invitation from the Association of Metropolitan School Districts (AMSD), to receive a one-year membership in this organization at the much reduced rate of \$1,000 for the 2009-10 school year.

AMSD represents the majority of metropolitan area school districts and serves as a representative in research and working with the Minnesota legislators to help school districts accurately tell the story of our financial stewardship, financial need, and the relationship between financing, programs, and student success.

This collaborative venture allows our school district, at a reasonably low cost, to have strong analytical support and regular representation at the Minnesota Legislature.

Individual legislators often communicate regularly with AMSD, and generally appreciate the combination of hearing from their individual districts and from the coordinated efforts through the lobbying organizations.

Neighboring districts that actively participate in AMSD include: Mounds View, Roseville, North St. Paul/Maplewood, and Mahtomedi.

# **RECOMMENDATION:**

That the School Board approve the participation of the White Bear Lake Area School District in a membership with the Association of Metropolitan School Districts (AMSD) on a trial basis for the 2009-10 school year.

The Board take formal action to approve the above named Officers and Coordinators of Compliance.

AGENDA ITEM:	<u>Action on Restructuring of Special Education</u> Leadership Model
MEETING DATE:	<u>August 10, 2009</u>
SUGGESTED DISPOSITION:	Operational Item
CONTACT PERSON(S):	Dr. Michael Lovett, Superintendent
*****	****

# **BACKGROUND:**

Over the course of the 2008-09 school year, the administration has carefully analyzed our leadership model for Special Education and student support services. As we look at the budget, we attempt to balance leadership cost with assurances for operational efficiency and quality programs for students.

Currently, the White Bear Lake Area School District has a Special Education Director, who is a licensed administrator and two teacher coordinator positions. Each teacher coordinator position provides overall coordination to certain programs within special education, but they are limited in that role to those duties which can be performed by a teacher. They also are restricted in the performance of duties which require administrative license, including recommendations for employment and evaluation, and the authority to represent the school district in certain types of special education due process meetings.

The District has examined the leadership model in other metropolitan school districts of comparable size and has found a far more common model is to have a special education director and one or more special education supervisors or other administrative positions to more effectively carry out this role.

With the federal stimulus funds in special education, which the District will be receiving for the 2009-10 and 2010-11 school years, the administration believes it would be prudent for us to move to a model of replacing one of the special education coordinators with a supervisor position. The net cost of this change would be approximately \$15,000, which would come from the federal stimulus funds so there would be no change to the District's general fund budget.

Our plan would be to carefully evaluate the effectiveness of this model over the next two years to determine whether it results in efficiencies, program effectiveness, and increased student achievement. Our MCA scores for the last two years indicate that special education is one area in which we have not been making adequate yearly progress on a District level, and we are looking at strategies that are focused on student success.

The specific recommendation, as indicated below, is to eliminate one coordinator position, and add one supervisor position. We anticipate that one or both of our current coordinators would be interested in the supervisor position and thus this change would not result in any job loss for current staff members.

### **RECOMMENDATION:**

That the School Board approve the elimination of one special education coordinator position beginning in the 2009-10 school year and the addition of one special education supervisor position effective for the 2009-10 school year.
