649 EARLY ADMISSION INTO KINDERGARTEN

I. PURPOSE

The purpose of this policy is to provide guidance for early admission to White Bear Lake Area Schools for a student who has not met the kindergarten age requirements established in statute.

II. GENERAL STATEMENT OF POLICY

Pursuant to Minnesota Statues 2012, Section 124D.02, subdivision 1, the White Bear Lake Area School Board chooses to provide opportunities for children who have not reached the age of five (5) years by September 1 in any year to be considered for early admission into kindergarten for that year upon application by the parent/guardian and successfully meeting the District's requirements.

- A. <u>Kindergarten enrollment</u>. Entrants, in general, must be five (5) years of age by September 1 of the current school year.
 - 1. Children born between September 2 through October 31 who, after a comprehensive evaluation in cognitive, social, and emotional development domains, have been determined by District staff to have demonstrated superior cognitive ability, above average social and emotional maturity, and have led District staff to determine that the child has the ability to satisfactorily meet kindergarten expectations and the ability to progress to first grade in the subsequent year may be admitted if qualified under provisions specified below.
 - a. Testing, information obtained from a parent/guardian, and teacher observations of the child's knowledge, skills, and abilities will be used to determine placement. The comprehensive evaluation will use valid and reliable instruments and be aligned with Minnesota's kindergarten expectations in addition to the expectations noted above.
 - b. Students are required to undergo an evaluation administered by a School District school psychologist.
 - c. Students are required to be current on immunizations and, for students seeking admission into kindergarten, must undergo early childhood health and developmental screening.

E. OPERATIONAL ITEMS

Agenda Item E-1 October 12, 2015 School Board Meeting

AGENDA ITEM: Recommendation for 2015-16 School

Board/Superintendent Goals

MEETING DATE: October 12, 2015

SUGGESTED DISPOSITION: <u>Discussion Item</u>

CONTACT PERSON(S): Dr. Michael Lovett, Superintendent

Janet Newberg, School Board Chair

Background:

The goals proposed for 2015-16 have been reviewed with the School Board at the August 24 work-study session, September 14 Board meeting, and September 24 work-study session. The following explanation provides a history on the development and value of district goals.

Practice from 2010-11 through 2014-15

Since the 2010-11 School Year, annual goals for the district have been based on the work by the strategic planning process, with specific action steps organized under six strategies. In addition, each year a small number of operational goals have been added.

Each summer goals are discussed at school board meetings and work study sessions, with action on the annual goals scheduled for the September School Board meeting.

At each month's School Board Work Study Meeting, the School Board and public receive an update reflecting progress on each special action plan. This document also indicates the status of the progress, color coded, from initial activities through action plan completion.

What is new for 2015-16?

During both the 2014 and 2015 Legislative sessions, new legislation passed which creates new procedural and reporting requirements for all Minnesota public school districts.

In 2014, the Legislature passed the World's Best Work Force requirements, which provided for general additional requirements for school districts for the 2014-15 school year. In the fall of 2014, the administration reported to the School Board on our steps to

comply with the new law. In particular, we thoroughly reviewed our current strategic plan and made some minor changes to assure we complied with the expectations of the new legislation. In additional, we added additional parents and a student to what had in the past been called our Community Curriculum Advisory Committee.

In December, we reported our actions and steps to the Department of Education, charged by the law with overseeing the new legislation.

As a result of changes to the WBWF law made during the 2015 Legislative Session, this August the Department of Education outlined additional expectations for school districts. In particular, we have clearer requirements for stakeholder engagement, including an annual public meeting and a district advisory committee; protocols for establishing goals and results; and a new report format with a document submitted to the Department of Education by December 1, 2015.

Recommended School Board/ Superintendent Goals for 2015-16

In developing goals for the upcoming school year, administration has worked to add additional procedural and reporting requirements under the umbrella of our existing strategic plan. These additions fold in the following: requirements of the 2015 WBWF legislation; our state approved Equity and Integration Plan; and our State required staff development plan.

In addition to procedural and reporting requirements, the WBWF law requires districts to include metrics based on a state dashboard of measures of student success. These categories include:

- 1. kindergarten readiness;
- 2. third grade literacy;
- 3. achievement gap analysis;
- 4. college and career readiness: and
- 5. student graduation rates.

The Department expects these data to be available to school districts sometime this fall. At the time this memo is being prepared, we still are waiting for further communication from the Department of Education.

Other observations

The Department of Education recognizes that school districts may already have sophisticated planning and accountability processes, and acknowledges that the new legislative requirements require adjustments. The Department intends to provide support and models for school districts to use in developing a single comprehensive educational plan.

RECOMMENDATON: The White Bear Lake Area School Board approve the 2015-16 School Board/Superintendent Goals as recommended.

The results of this study were presented to the School Board on May 20, 2013. A community forum about Phase I projects was held on February 24, 2015. At the School Board meeting of April 13, 2015, the Board acted to approve priorities identified in Phase I, including artificial turf at the South Campus stadium and new stadium lighting. Additional Phase I projects were completed during the summer of 2015, and work will continue during the 2015-2016 school year as well.	The School Board was updated at the July 13, 2015 work-study session.	Evaluation plan includes: 1. Completion of Phase I recommendations. 2. During the 2015-16 school year, this action step will be aligned with the District's WBWF and Equity plan.		Evaluation plan will include: 1. Annual review and approval of the Achievement and Integration Plan by the School Board; 2. State approval of the District's Plan; 3. Other measures consistent with the Plan.	
Goal 2 - Ongoing Financial Stewardship and Budget Management (Revised for 2015-16)	Details	Status	Report to the School Board	Evaluation	
The District continues to identify greater efficiencies in operations that will help to maintain financial stability and allow for improvements in program quality and student success.	Strong community support, which led to the passage of the November 2011 operating levy renewal by a margin of 73% to 27% and the capital projects levy in 2013, gives the School District a measure of financial stability. The District has established an excellent record of financial reporting by both ASBO and GFOA, and also achieving an AA Bond Rating initially in 2008, and confirmed in 2011, 2012, 2013 and 2015. Further, the District has restructured long-term debt to allow for more level tax	For 2014-15, the District increased the frequency of financial reporting from semi-annually to quarterly. A quarterly budget update and preliminary budget for 2015-16 was presented on May 18, 2015 with Board approval on June 8, 2015. In July the administration provided an update on the 2015-16 budget subsequent to the Legislative Special Session. An annual operating plan, to include information related to all major District funds, will be finalized during the 2015-2016 school year.		Evaluation plan will include: 1. Ongoing financial stewardship on investments and budget management are reviewed annually as part of the financial audit; 2. The audit report for FY 2014-15 is presented to the Finance Committee in the fall and to the School Board and public at the regular School Board meeting in December; 3. The administration will continue the practice of quarterly reports to the School Board; 4. Will increase communication with the public by posting additional financial information on the District's website. 5. Review the role and membership of the finance advisory committee. 6. Present an annual operating plan in June 2016.

AGENDA ITEM: <u>Action on Self-Insured Dental Benefit Plan</u>

MEETING DATE: October 12, 2015

SUGGESTED DISPOSITION: Operational Item

CONTACT PERSON(S): Dr. Wayne A. Kazmierczak, Assistant Superintendent for

Finance and Operations

Linda Goers, Director of Human Resources

BACKGROUND:

White Bear Lake Area Schools' insurance advisory committee, which includes representatives from each employee bargaining unit, reviewed quotes received following a request for proposals for dental insurance. The insurance advisory committee has recommended a move to a self-insured dental plan and has selected a preferred plan from Health Partners. The district currently has two providers, Delta Dental and Health Partners, and the plan is fully-insured.

A self-insured dental plan (also referred to as a self-funded dental plan) is one in which the employer assumes the financial risk and reward for providing dental benefits to its employees. Self-insured employers pay for claims as they are incurred instead of paying a fixed premium to an insurance carrier, which is called a fully-insured insurance plan.

Many factors were considered as this recommendation was formulated, including the following: 1) the plan ensures that there is no loss of benefit coverage to any employee group, 2) there is a potential benefit increase of \$1,000 for 770 contracts as well as other significant benefit improvements for all employees, and 3) aggregate insurance (stop-loss) is provided which protects the district from high claims activity.

Finally, the following is the timeline that describes key milestones from the past several months:

January 27, 2015 - Insurance advisory committee discussed current status of dental plans **February 24, 2015** - Insurance advisory committee discussed consolidating the two dental plans (Delta Dental and Health Partners) into one

March 31, 2015 - Insurance advisory committee voted unanimously to support a recommendation to the School Board to move to a self-insured dental plan, reviewed dental plan

Approval of Self-Insured Dental Benefit Plan Page 2

summaries, and supported conducting a request for proposals for dental insurance with a goal of improving the plan offerings

April 28, 2015 - Insurance advisory committee reviewed detailed final proposals received from Delta Dental and Health Partners, discussed dental insurance options

July 14, 2015 - Insurance advisory committee selected the Health Partners proposal as the preferred dental insurance offering for the district

August 24, 2015 - School Board work-study session related to dental insurance September/October 2015 - Dental insurance information sessions at District sites September 28, 2015 - Update provided at School Board work-study session October 12, 2015 - School Board action on dental insurance recommendation

A questions and answers document (attached, 10/6/15 version) has been created to help employees understand the rationale behind the consideration of a self-insured dental plan and a move to a single plan offering for all district employees. District staff members have visited District sites to explain the proposed change and to be available for employees to ask questions.

Recommendation: Move to approve the District's conversion from a fully insured dental benefit plan to a self-insured dental benefit plan with an implementation date of January 1, 2016 and to approve Health Partners as the District's third party administrator.

White Bear Lake Area Schools Dental Insurance Q&A September/October 2015

What dental insurance option is being considered?

White Bear Lake Area Schools' insurance advisory committee, which includes representatives from each employee bargaining unit, reviewed quotes received following a request for proposals for dental insurance. The insurance advisory committee has recommended a move to a self-insured dental plan and has selected a preferred plan from Health Partners. The district currently has two providers, Delta Dental and Health Partners, and the plan is fully-insured.

What is a self-insured dental plan?

A self-insured dental plan (also referred to as a self-funded dental plan) is one in which the employer assumes the financial risk and reward for providing dental benefits to its employees. Self-insured employers pay for claims as they are incurred instead of paying a fixed premium to an insurance carrier, which is called a fully-insured insurance plan. Fully-insured is the model the district has been utilizing for many years.

What employee groups are currently on the Delta Dental plan and what groups are on the Health Partners plan? How many employees are on each plan?

Currently, Delta Dental is the insurance provider for administrators, cabinet members, non-affiliated employees, principals, and teachers. Health Partners is the insurance provider for the following employee groups: extended day, clerical, custodian, nutritional services, paraprofessional, transportation, and confidential employees. The total number of employees on the two plans are: Delta Dental - 212 single, 558 family; Health Partners - 118 single, 172 family. The two plans combined total 330 single and 730 family.

What is the network and benefit offering for the recommended plan?

The network and benefit offering for the recommended plan has four benefit levels and was designed specifically for the employees of White Bear Lake Area Schools.

	Benefit Level 1	Benefit Level 2	Benefit Level 3	Benefit Level 4
Network description	Health Partners Dental Group and Park Dental (2015 Coverage: Health Partners I)	Dental providers in existing Delta Dental PPO network (2015 Coverage: Health Partners II and Delta Dental PPO)	Match the Delta Dental network and remaining Health Partners network providers not within the Delta Dental PPO network (2015 Coverage: Delta Premier)	Non-contracted providers (out-of-network)
Annual maximum benefit	\$2,000	\$1,500	\$1,000	\$1,000
Deductible	No deductible	No deductible	\$25 single \$75 family	\$50 single \$150 family

Please see the Summary of Benefits document provided by Health Partners (click <u>here</u>) for detailed plan information.

What were some of the factors that went into recommending this plan?

Many factors were considered, including the following: 1) the plan ensures that there is no loss of benefit coverage to any employee group, 2) there is a potential benefit increase of \$1,000 for 770 contracts as well as other significant benefit improvements for all employees, and 3) aggregate insurance (stop-loss) is provided which protects the district from high claims activity.

Compared to the existing Health Partners plan, what are some of the advantages of the new plan?

If you are currently on the Health Partners plan, some of the advantages of moving to the new plan include: 1) orthodontia coverage increases from no coverage currently up to a potential lifetime maximum of \$1,500; 2) you would not pay any deductibles (in Benefit Levels 1 and 2) under the new plan; 3) overall coverage is improved.

Compared to the existing Delta Dental plan, what are some of the advantages of the new plan?

If you are currently on the Delta Dental plan, some of the advantages of moving to the new plan include: 1) the potential maximum annual benefit doubles from \$1,000 to \$2,000 (at Benefit Level 1); 2) orthodontia maximum life-time benefit increases from \$1,000 to \$1,500 (at Benefit Level 1); and 3) overall coverage is improved.

If I am currently on the Delta Dental plan and we move to the Health Partners plan, will I have to change dentists?

Health Partners has assured the District that the network that has been created for White Bear Lake Area Schools will include all current Delta Dental PPO providers in Benefit Level 2 and Delta Dental Premier providers in Benefit Level 3. If you are currently on the Delta Dental plan, you can keep your existing dentist. Note that the annual benefit would be \$1,500 (up from \$1,000 currently) should you choose to keep your existing Delta Dental PPO network dentist. If you choose a dentist who is part of the Health Partners Dental Group, your annual benefit would be \$2,000.

How do the existing rates compare to the rates of the new plan?

Here is a comparison of the current monthly premium rates and the rates under the proposed plan:

	Delta Dental (Current)	Health Partners (Current)	Health Partners (New)
Single	\$35.30	\$33.13	\$36.95
Family	\$99.20	\$82.88	\$104.86

What happens to the insurance premiums that I pay in a self-insured dental plan?

Both the district share and the employee share of dental insurance premiums are deposited into a district account called an internal service account. When the district receives an invoice from the third party administrator, it pays the invoice using the funds from that internal service account. The funds in this account can be used only for dental care related expenses incurred by employees and their families or dental related initiatives.

What if the plan builds a reserve? Can the District take that money and use it for something else?

Building a reserve is important in a self-insured dental plan to ensure that the fund can adequately cover the claims that are processed. A reserve also helps to protect against large fluctuations in premiums and can be used to offset future-year premium increases. The District cannot use the premiums collected for self-funded insurance for anything but dental insurance and dental related initiatives. Very strict rules governing the accounting of self-funded insurance plans exist, and the account is subject to audit by an independent auditor.

Who files the claims in a self-insured dental plan? Would district staff or the insurance advisory committee be able to see an individual's claims data?

The claims filing process would be completed as it is now, there is no additional burden placed upon employees. Dental care facilities process claims with the third party administrator (Health Partners). Individual claims data is not accessible by district staff or the insurance advisory committee due to privacy laws already in place.

Will people in the district know detailed personal information about who is using the insurance premium dollars from the district's self-insurance dental internal service account and the reasons for their going to the dentist?

No. People in the district will not know detailed personal information about individuals whose claims are being paid out of the self-insurance dental internal service account. All practices and guidance set forth by the Health Information Portability and Accountability Act (HIPAA) of 1996 apply, including HIPAA's Privacy, Security and Breach Notification Rules. HIPAA rules must be adhered to just as they are now as a fully-insured group.

What is a third party administrator?

A self-insured group hires a third party to administer the insurance plans. This includes the processing of claims according to the school district's dental insurance plans' specifications.
