Future of Learning Committee

Committee Charge and Planning Process

Future of Learning Committee Overview

A committee is being formed to study the future of learning in White Bear Lake Area Schools and make recommendations to create District-wide alignment between the Strategic Plan, the design of learning spaces, and educational programming.

This committee will make recommendations to create educational space standards and program development for ISD #624.

Future of Learning Committee Charge

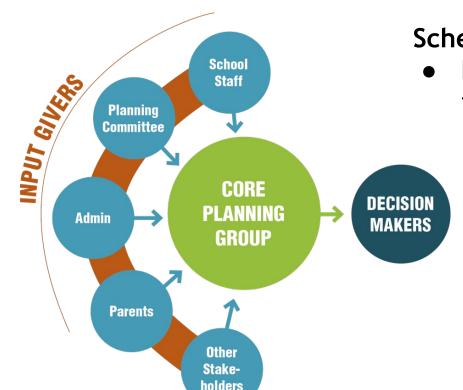

The Committee is charged to:

- Review best practices in education as it relates to both space design and programming
- Consider the most effective ways to empower educators and learners
- Study all options to best address student needs for today and the future
- Develop essential characteristics of learning spaces of the future, including important space types and relationships
- Create parameters that will inform the District's educational space standards
