B. PUBLIC FORUM

During the Public Forum any person may address the School Board on a topic of interest or concern. Listed below are the procedures for Public Forum.

1. Public Forum will follow the Procedural Items on the agenda.
2. Public Forum will be open up to 30 minutes (3minutes per speaker, 10 minutes per topic, no more than 3 speakers per topic as a general rule). Comments should be brief, and repetition of public comments already expressed at the same meeting should be avoided.
3. Those who wish to address the Board should fill out the Public Forum Speaker Card and submit the card to the School Board clerk or other district official at the meeting.
4. Questions may be asked on any topic, including those on the agenda.
5. School District policy and data privacy laws preclude the Board from publicly discussing personnel matters or data, including information, which, if discussed in a public meeting could violate law or policy. Complaints or concerns regarding individual school district employees should be presented in writing to school administration and signed by the person submitting the complaint or concern.

6. An attempt will be made to answer questions addressed to the Board. In those cases where an answer is not provided a contact from an appropriate school district official will be made as a follow-up.
7. A handout on the purpose of school board meetings and the meeting process is available at each school board meeting.
8. Citizens may be asked to address the school board on a particular subject during the discussion of that item.
9. The School Board Chairperson will attempt to reasonably honor requests to speak, but shall also exercise discretion with regard to time constraints and therefore may limit the number of requests to speak accordingly.

B. PUBLIC FORUM – There were no speakers during public forum.

C. INFORMATION ITEMS

1. Middle School International Baccalaureate Recognition – In January, Central Middle School and Sunrise Park Middle School received authorization as International Baccalaureate World Schools. Jill Pearson, the district’s middle school IB coordinator, along with middle school staff and students, provided information on what IB means to the schools, the learning experiences, and their perspectives on global communications and collaborations.
2. Superintendent’s Report – Prior to tonight’s meeting, the school board recognized the state champion of the VFW Patriot’s Pen Essay Contest, Isaac Maruyama, a Central Middle School student. Also honored were the choir and band members who participated in state- and national-level contests. February is “I Love to Read” Month and Black History Month. The Willow Lane Elementary School fifth-grade students are currently participating in the Donatelli’s Takeover Experience, during which the students apply and interview for positions as hosts, servers and cooks. Students will work over the lunch hour on Tuesdays through March 3. Lovett also highlighted various community events, including the 36th Annual Night Club event hosted by the district’s 9-12 band students. The week of February 16-20 is National School Board Recognition Week. Student school board representative, Kelly Lee, highlighted the themed days at the high school during Snow Daze Week.

**INDEPENDENT SCHOOL DISTRICT NO. 624
WHITE BEAR LAKE, MN 55110**

A work-study session of the White Bear Lake Area School Board was held on Monday, February 23, 2015 at 5:30 p.m. in Community Room 112 at the District Center, 4855 Bloom Avenue, White Bear Lake, MN.

A. PROCEDURAL ITEMS

Call To Order – Newberg called the meeting to order at 5:30 p.m.

Roll Call – Present: Newberg, Storey, Swanson, Chapman, Hiniker, Kimball, Mullin

Ex-Officio: Lovett

Cabinet: Daniels, Garrison, Goers, Kazmierczak, Paul, Vette, Wehrkamp

B. DISCUSSION ITEMS

1. Update on School Board/Superintendent Goals

a. Update on School Board/Superintendent Goal List

The comprehensive list of goals for 2014-15 is updated monthly, and is provided in the board packet for school board review.

b. Goal I.1: Update of School and District Initiatives for Student Success

Board members met with leaders from their liaison schools to discuss measures of student success, state accountability ratings, building-wide strengths, focus areas, progress toward objectives for 2014-15 and strategies. Complete information is available on the district's website.

c. Goal III.11: Presentation on Phase I of Secondary Program and Facilities Review

Dr. Wayne Kazmierczak, along with Tim Hermann, Tim Wald, Jon Anderson, Kevin Fernandez and Dan Roeser, presented an update on the Secondary Program and Facilities Task Force, Phase I (progress to date and priorities by site), and an overview of the 2013 White Bear Lake Area Athletic Facilities Needs Assessment (artificial turf field and future planning for priorities identified in needs assessment). A detailed discussion then took place as to the district's consideration of the installation of artificial turf at White Bear Stadium at South Campus. Due to the wear and tear caused by overuse of the natural grass field and costly upkeep, there is very limited use of the stadium. The only activities at the stadium are varsity football, soccer and lacrosse games. Artificial turf would allow the district to increase accessibility of the space for other athletic activities, phy ed classes, youth and other community-based athletic associations, and other outside organizations in which our community is involved, such as Relay for Life, YMCA and Special Olympics. The discussion also included safety and environmental impact of artificial turf fields, costs and the various product options. A community forum on the artificial turf matter will be held on February

24, 2015 at the District Center. Complete information on the presentation is available on the district's website.

2. Understanding Special Education Staffing: Results of Staffing Study Done In Cooperation with District Management Council – Kathleen Daniels, along with Danielle Mickelson, Lisa Ouren and Sara Derby, presented information on a two-year study conducted by White Bear Lake Area Schools Special Services Department and the District Management Council that covered a staffing time study on student support and special services in the district. The presentation covered recommendations made as a result of the study, and the district's commitment to continue providing quality Individualized Educational Services to all students who qualify for special education, maintaining efficiencies and following state and federal due process mandates. Complete information on the presentation is available on the district's website.

- C. ADJOURNMENT** – Swanson moved and Newberg seconded to adjourn the meeting at 8:50 p.m.

B. PUBLIC FORUM

During the Public Forum any person may address the School Board on a topic of interest or concern. Listed below are the procedures.

1. Public Forum will follow the Procedural Items on the agenda.
2. Public Forum will be open up to 30 minutes (3 minutes per speaker, 10 minutes per topic, no more than 3 speakers per topic as a general rule). Comments should be brief, and repetition of public comments already expressed at the same meeting should be avoided.
3. Those wishing to address the Board should fill out the Public Forum Speaker Card and submit the card to the School Board clerk or other district officials at the meeting.
4. Questions may be asked on any topic, including those on the agenda.
5. School District policy and data privacy laws preclude the Board from publicly discussing personnel matters or data, including information, which, if discussed in a public meeting could violate law or policy. Under School Board Policy 206, complaints or concerns regarding individual school district employees should be presented in writing to school administration and signed by the person submitting the complaint or concern.
6. An attempt will be made to answer questions addressed to the Board. In those cases where an answer is not provided, a phone call from an appropriate school district official will be made as a follow-up.
7. A handout on the purpose of School Board meetings and the meeting process is available at each School Board meeting.
8. Citizens may be asked to address the School Board on a particular subject during the discussion of that item.
9. The School Board chairperson will attempt to reasonably honor requests to speak, but shall also exercise discretion with regard to time constraints and therefore may limit the number of requests to speak accordingly.

D. DISCUSSION ITEMS

AGENDA ITEM: **Policy 497, Nepotism**
MEETING DATE: **February 9, 2015**
SUGGESTED DISPOSITION: **Discussion Item**
CONTACT PERSON(S): **Linda Goers, Director of Human Resources**

BACKGROUND:

School Board Policy 497, Nepotism, has been reviewed by the Policy Committee and the administration. It is being presented for a first reading.

The purpose of this policy is to establish consistent employment guidelines and to prevent situations where an individual may have or be perceived to have unfair influence over the career development, work assignments or work direction, performance reviews, or compensation of a family member who is also employed by White Bear Lake Area Schools.

RECOMMENDATION:

To review the policy and provide suggestions or feedback to the administration, with the policy placed on the April 13, 2015 School Board meeting agenda or a subsequent meeting for action.

497 NEPOTISM

I. PURPOSE

The purpose of this policy is to establish consistent employment guidelines and to prevent situations where an individual may have or be perceived to have unfair influence over the career development, work assignments or work direction, performance reviews, or compensation of a family member who is also employed by White Bear Lake Area Schools.

II. GENERAL STATEMENT OF POLICY

- A. The District may employ family members of current employees. To be hired, transferred or promoted, close family members may *not*:
 - 1. Be assigned to positions where one can influence the employment conditions or career of the other. This includes decisions involving hiring, termination, compensation, performance evaluation, discipline, promotional opportunities and work assignments; or
 - 2. Be assigned to positions where one reports to, directs the work of, or otherwise has direct or indirect supervision of another close family member.
- B. This policy shall apply to appointment of temporary and summer help, as well as contract employees.
- C. This policy shall be interpreted and applied consistently with mandates of federal and state equal employment opportunity and discrimination laws.

III. DEFINITIONS

- A. "Close Family Member." A close family member includes: parent, spouse, child (including adopted child), sibling, grandmother, grandfather, grandchildren, niece, nephew, aunt, uncle, first cousin, all step relatives including stepchild, step-mother, step-father, step-sister and step brother, in-law relationships including father and mother-in-law, daughter and son-in-law, brother and sister-in-law, domestic partner or a member of the employee's household.
- B. "Direct or Indirect Supervision." ~~Direct or indirect supervision means within a chain of command such that an employee's work responsibilities, salary, career progress or other terms and conditions of employment could be influenced by a close family member.~~

“Direct or Indirect Supervision.” Direct or indirect supervision means the authority to make, participate in, or recommend employment- and/or compensation-related decisions involving a close family member, including, but not limited to, decision concerning hiring, promotion, transfer, discipline, termination, salary, evaluation, grievance resolution, or other similar personnel actions.

IV. ADDRESSING EXISTING CONFLICTS AND CHANGES IN RELATIONSHIP BETWEEN EMPLOYEES

- A. The Department of Human Resources will be responsible for implementing the provisions of this policy based upon the information furnished by applicants and employees.
- B. Any School District employee involved in a direct or indirect supervision relationship with a close family member that existed prior to the original approval date of this policy or that arises after the adoption of this policy shall promptly notify the Director of Human Resources of such relationship.
- C. Applicant/employee is responsible and accountable for providing accurate and complete information regarding the identity of his/her “close family members” on disclosure forms/statements, including, but not limited to, those required for employment, assignment, transfer, or promotion.
- D. Employees witnessing nepotism under this policy shall report such activity to the Director of Human Resources. No employee may be subject to reprimand or disciplinary action for good faith reports under this policy.
- E. The District reserves the right to modify the employment relationship by whatever means necessary.

V. SPECIAL PROVISIONS

- A. The District reserves the right to review the application of this policy in individual cases that involve minor children who are in temporary positions, e.g. refereeing of youth sports or other community service type activities, providing that the selection and hiring of the student is done in accordance with our human resources protocols and under the oversight of the Director of Human Resources.

VI. COMPLIANCE WITH EQUAL OPPORTUNITY AND DISCRIMINATION LAWS

- A. Nothing in this policy shall be construed as discouraging the employment of close family members for positions that do not involve direct or indirect supervision.

AGENDA ITEM: **Overview of Secondary Program and Facilities Task Force Recommendations**

MEETING DATE: **March 2, 2015**

SUGGESTED DISPOSITION: **Operational Item**

CONTACT PERSON(S): **Dr. Wayne A. Kazmierczak, Director of Finance and Operations**

BACKGROUND:

Over the past several months, the District's Secondary Program and Facilities Task Force has been working to identify potential secondary level program and facilities improvements. The group defined Phase I projects as short-term facilities needs that could be completed within the next two years by using existing resources or existing funding sources. Phase II projects were defined as long-term facilities needs that could be completed two years or more into the future using existing resources, existing funding sources, or through other means such as the issuance of bonds. The focus at this particular School Board meeting will be on Phase I recommendations. The tentative outline of the presentation is as follows:

1. Update on Secondary Program and Facilities Task Force, Phase I
2. Overview of 2013 White Bear Lake Area Athletic Facilities Needs Assessment
 - Artificial turf field
 - Future planning for priorities identified in needs assessment
3. Preview of Secondary Program and Facilities Task Force, Phase II

E. OPERATIONAL ITEMS

AGENDA ITEM: **Proposed School Calendar for 2015-16**
MEETING DATE: **March 2, 2015**
SUGGESTED DISPOSITION: **Operation Item**
CONTACT PERSON(S): **Linda Goers, Director of Human Resources**

BACKGROUND:

On December 15, 2014, the calendar committee proposed a draft school calendar for year 2015-16 school year. Further consultation with union leadership and principals resulted in additional revisions included in this final draft.

The 2015-16 calendar consists of 172 student days; 186 work days and eight paid holidays for a total of 194 paid days for teachers. The first day for students is on September 8, 2015, and the last day for students is on June 9, 2016. One (1) additional day not appearing on the calendar but footnoted can be used for teacher preparation such as preparing for parent conferencing. Teachers will schedule when these hours will be used with their principal. It is also agreed that these hours must be completed no later than the end of the Education Minnesota Professional Conference week in October 2015.

Modifications were made to the proposed calendar on the February 9, 2015, school board meeting for the first reading.

Based on feedback from staff we changed the dates of the February K-5 conferences to Thursday February 11th, Tuesday, February 16th, and Thursday February 18th. This will allow the placement of the two afternoon and evening conferences on the 16th and 18th to occur during a four day week as Monday the 15th is Presidents day and a non-school day.

In addition, principals will have the flexibility to work with staff to meet the needs of parents in scheduling conferences outside of the three evening conferences by allowing the time indicated on February 18th to be used for hours before the school day. Early Childhood conferences will be scheduled through individual sites and are not listed on the calendar.

RECOMMENDATION:

Approve the 2015-16 calendar as presented.

AGENDA ITEM: **Action to Authorize the Solicitation of Bids for Artificial Turf Field at South Campus**

MEETING DATE: **March 2, 2015**

SUGGESTED DISPOSITION: **Operational Item**

CONTACT PERSON(S): **Dr. Wayne A. Kazmierczak, Director of Finance and Operations**

BACKGROUND:

Earlier on this meeting's agenda, the School Board was provided an overview of the Secondary Program and Facilities Task Force recommendations. One of the recommended items was the installation of an artificial turf field at South Campus. Approval of this agenda item authorizes District administration to solicit bids for this project. The attached Questions & Answers document provides a considerable amount of background information related to this specific project.

Specifications will be developed for the base work of the project. The base work includes the work necessary to prepare the site for artificial turf and will be bid using a traditional competitive bidding process. The top, visible portion of the field will be purchased through the National Joint Powers Alliance (NJPA), a Minnesota-based purchasing cooperative formerly known as the North Central Service Cooperative (NCSC). The NJPA serves as a municipal contracting agency for government and education agencies under the authority legislated by Minnesota Statute 123A.12. Competitive bidding requirements are fully met by working with the NJPA.

Recommendation: Move to authorize the solicitation of bids for an artificial turf field at South Campus.

White Bear Lake Area High School—South Campus
Artificial Turf Field Q&A

The installation of an artificial turf field on White Bear Field at White Bear Lake Area High School - South Campus is currently under consideration. This document is intended to provide background information related to this potential project.

Why is an artificial turf field being considered?

A turf field would provide White Bear student athletes and community-based athletic associations 1) increased access to high quality athletic fields, 2) increased availability of usable outdoor space for physical education classes, 3) greater flexibility in scheduling of activities, and 4) facilities that are more equitable compared to other Suburban East Conference schools.

Has an artificial turf field been considered in the past?

In 2009 and again in 2012, the District explored the possibility of installing an artificial turf field at White Bear Lake Area High School - South Campus. Since 2009, various other projects have been completed which reflect the strategic priorities of the school district during this time period. For example, projects at several of the District's elementary schools provided secure entrances, additional classroom spaces and gymnasiums. Improvements have been made to the District's performing arts spaces at both South Campus and North Campus, and significant upgrades have been made to numerous heating, ventilation and air conditioning (HVAC) systems throughout the District. Projects such as these were identified in the District's strategic plan and have resulted in significant improvements that will benefit students for generations to come.

How does this project fit with the District's strategic plan?

As previously indicated, the concept of an artificial turf field has been discussed for several years and has been specifically included in the School Board/Superintendent Goals for 2014-2015:

Strategy III: We will ensure our facilities support our District's mission and objectives.

Strategy III. 1: The District will ensure that inside and outside large group spaces are comparable to conference schools.

The District, in partnership with its municipalities and various athletics associations, has completed an analysis of space issues across the District. The results of this study were presented to the committee on April 24, 2013 and were presented to the School Board on May 20, 2013.

Outside space, and more specifically, artificial turf at the Stadium on South Campus needs to be addressed. White Bear Lake Area High School is one of the few members of

our conference to still play on grass. Both the quality of the field and the opportunity for a significant increase in usability would result from this upgrade.

What involvement has the broader community had in consideration of this project?

White Bear Lake Area Schools, in partnership with area cities, townships, and other partners, provides athletic facilities for school, athletic group, and general public use. In 2012-2013, the School District and its partners worked with Hoisington Koegler Group (HKGi) to prepare an inventory and needs analysis of public athletic facilities and senior citizen recreation facilities. The needs assessment process was guided by a steering committee consisting of representatives from the school district, area municipalities, and athletic associations. In May of 2013, the White Bear Lake Area Athletic Facilities Needs Assessment was received and reviewed by the School Board.

The executive summary from the Needs Assessment detailed that one of the primary purposes of the analysis was to determine the adequacy of athletic facilities within School District boundaries to meet current and anticipated future needs. The study identified key facility needs and included recommendations for action to address the identified priorities. Based on extensive research, evaluation and stakeholder input, the group identified multi-use turf fields as a key facilities need in the community.

How do White Bear Lake Area High School's current outdoor stadium facilities compare with other area schools and other conference schools?

As White Bear looks to remain competitive within the Suburban East Conference and the newly formed East Metro Football District, facilities are an important consideration. Of the 9 conference schools, the following have at least one artificial turf field available for student use: Cretin-Derham Hall, East Ridge, Mounds View, Park, Roseville, and Woodbury. In addition, neighboring high schools such as Mahtomedi, North St. Paul, Tartan, Irondale, and Centennial have all installed an artificial surface on their stadium field; Stillwater is currently considering installing two fields. Adding an artificial turf field would result in more equitable facilities for White Bear Lake Area Schools students compared to other conference, district, and neighboring schools.

How has increased demand for the existing field at South Campus impacted the current field?

The demand for athletic fields continues to increase. The most tangible and obvious evidence of this increase in demand occurred with the addition of boys and girls lacrosse in 2008. Wear and tear on the existing grass field increased significantly, and without the spring season to allow the grass field to recover from intensive fall activities, it has become a challenge to keep the field in top form to ensure that student athletes have a safe playing surface upon which to compete.

How much is the current field used, and how would the usage be impacted by the installation of an artificial turf field?

Usage during the 2013-2014 school year on the existing grass field was as follows: In the fall of 2013, the field was used 5 times for varsity football games, 8 times for boys varsity soccer games and 9 times for girls varsity soccer games. During the spring of 2014, the existing field was used a total of 6 times

for boys varsity lacrosse games and 6 times for girls varsity lacrosse games. Physical education classes do not currently use the field.

An artificial turf field would quickly become the District's largest and most often used classroom. Games, practices, and physical education classes would be held on the field without concern of overuse and without concern for damage that occurs to a grass field during inclement weather. Potential use of the artificial turf field would be limited only by the number of hours in a day. Competitions, practices, and physical education classes using the field would number in the hundreds each year. The field would also be used extensively in the summer months and during the evening hours for other School District and community-based recreation programs.

Would the field only be accessible to White Bear Lake high school students?

An artificial turf field at South Campus would be a community asset and would benefit students of all ages. While it would provide significant opportunities for the students and teams of White Bear Lake Area Schools, it would also provide opportunities for the various community-based athletic associations that would have access to the facility when it is not being used by the District.

How much would an artificial turf field cost? How would the District pay for this project?

The estimated cost of an artificial turf field at South Campus is \$1.3 million; the District intends to use existing reserves to cover the project cost. This project has been built into the District's budget and will not result in a tax increase.

Could the District redo the existing field and replace the natural surface either by planting new grass or installing sod?

Replacing the existing field with natural grass has been considered. The base work required to improve the condition of the soil on the field is similar to what must be done with an artificial turf field installation; the cost estimate of this base work is \$625,000 under either scenario. Surface preparation for a natural grass field is estimated to cost \$200,000 for a total cost of \$825,000. Compared to \$1.3 million for an artificial turf field, the incremental cost to install artificial turf rather than redoing the field with a natural surface is approximately \$475,000. While a new natural surface would be an improvement over the existing field, the current limits on the use of the field would remain unaddressed.

Is it less expensive to maintain an artificial turf field compared to the existing field?

The District's grounds department estimates an annual cost of \$16,000 to maintain the existing grass field at South Campus. This amount includes the cost of labor, water for irrigation, and paint. These costs would be largely eliminated other than some labor for maintaining the artificial turf field, estimated to be approximately \$2,500 per year. Additional rental revenue may be realized with the increased availability for field usage. The District would intend to follow existing facilities use policies and procedures; the field would be appropriately viewed as a community asset.

How long does an artificial turf field typically last?

Artificial turf fields consist of a base layer and the visible surface. The base layer lasts for approximately 30 years. The visible portion of a turf field is estimated to last for 10-15 years before replacement.

When would the project begin and end?

If approved by the School Board in March, the project would begin in the spring of 2015 and would be completed by mid-August 2015.

How would the timing of the project impact student activities?

The project would commence on or about May 15. Once construction begins, the existing grass field and the track surrounding the field would not be accessible for student or community use. The impacted student activities would include boys and girls lacrosse and boys and girls track and field. Boys and girls lacrosse would play their normal schedule up to the start of construction. Any games after May 15 would be played at Price Field. The track and field teams would not host any meets on May 15 or later, and practice would be held at South Campus in an alternate location. Additionally, arrangements would be made with another area high school so that White Bear Lake Area High School track and field athletes would have access to a track during the last couple of weeks of the season. The anticipated completion date of the project would be August 15.

How would this project impact summer outdoor events that are annually held at South Campus?

The stadium would not be available during the summer months with one exception: The annual *Relay for Life of White Bear Lake*. *Relay for Life* is scheduled to begin at 6:00 p.m. on Friday, July 31 and continue through 6:00 a.m. on Saturday, August 1. District staff have already begun working with *Relay for Life* representatives to make accommodations should the project be approved. Specifically, the infield would not be available, so other green space at South Campus would be used for tents, and District staff would coordinate with the project engineer to ensure that the track is available for this important community event.

I have heard some discussion about potential health and environmental risks associated with some of the materials used for artificial turf fields. Is artificial turf safe?

The primary material in question on artificial turf fields is crumb rubber, which is made from recycled tires and is by far the most frequently used infill on artificial turf fields. While numerous studies by independent agencies, universities, and government organizations, including a 2009 study conducted by the United States Environmental Protection Agency, have found crumb rubber to be safe for use on artificial turf fields, other options are available.

District staff who have been working closely with the project engineer have made a preliminary determination that an infill product marketed as Ecofill, rather than crumb rubber, is the preferred choice for White Bear Lake. Ecofill is a thermoplastic elastomer (TPE) based resilient granule. Ecofill is manufactured in a factory-controlled environment with a combination of select raw components that are free from potentially harmful substances. Ecofill does contain recycled post-consumer content in its composition, but rather than used tires, recycled pop bottles and plastic grocery bags are used. Another

advantage of Ecofill is its green color, which results in a playing surface that is up to 30% cooler compared to black crumb rubber infilled playing surfaces.

A Secondary Facilities Task Force has been working to identify facility needs throughout the District. Was this project part of this task force's work?

A Secondary Facilities Task Force was convened in the fall of 2014. This group has been working to identify short-term projects, identified as Phase I, to be completed in the next two years. The Task Force has been using the following working definitions of Phase I and Phase II:

- Phase I: Short-term facilities needs are considered to be projects that could be completed within the next two years. These projects will be termed Phase I of the plan. A Phase I report, including recommendations, is due in early 2015. Generally, site improvements or additions that can be accomplished using the district's existing resources or existing funding sources (e.g. alternative facilities revenue, existing reserves) will be included in Phase I. Specific areas of focus will include the 2013 athletic facilities study, technology and learning environment, music/performing arts and general site improvements which will include consideration of the World's Best Work Force plan.
- Phase II: Long-term facilities needs are considered to be projects that could be completed two years or more into the future. These projects will be termed Phase II of the plan. One of the primary questions related to Phase II projects will be the cost benefit analysis of a single campus high school. Generally, site improvements or additions that require resources beyond what is currently available will be considered Phase II. Where appropriate, Phase II improvements or additions that can be realized using existing resources will be identified and included as recommendations. Phase II may include the engagement of a consultant to assist the steering committee with the task of community engagement about long-term facilities related needs. The scope of Phase II will be revisited upon completion of a revised strategic plan during the spring of 2015.

The installation of a turf field at South Campus is supported by the findings and priorities of the 2013 White Bear Lake Area Athletic Facilities Needs Assessment and resulting priorities, it is one of the School Board/Superintendent Goals for 2014-15 and it is supported by the Secondary Facilities Task Force as a short-term, Phase I priority.

AGENDA ITEM: **Policy 421, Gifts to Employees, Classrooms, and Board Members**

MEETING DATE: **March 2, 2015**

SUGGESTED DISPOSITION: **Operational Item**

CONTACT PERSON(S): **Dr. Wayne Kazmierczak, Director of Finance and Operations**

BACKGROUND:

School Board Policy 421, Gifts to Employees, Classrooms, and Board Members, has been reviewed by the Policy Committee and the administration, had a first reading in February, and is being presented for action.

The purpose of this policy is to avoid an actual or the appearance of an impropriety, and an actual or the appearance of a conflict of interest with respect to gifts given to school district employees, to schools, classrooms, and school board members.

RECOMMENDATION:

To approve School Board Policy 421, Gifts to Employees, Classrooms, and Board Members, as recommended by the Policy Committee and administration.

Adopted: April 29, 1996

White Bear Lake Area School District #624 Policy 421

Revised: May 13, 2013

421 GIFTS TO EMPLOYEES, AND SCHOOLS, CLASSROOMS, AND SCHOOL BOARD MEMBERS

I. PURPOSE

The purpose of this policy is to avoid an actual, or the appearance of, an impropriety, and or an actual, or the appearance of, a conflict of interest with respect to gifts given to school district employees, or gifts given to schools, classrooms, or and school board members.

II. GENERAL STATEMENT OF POLICY

A. The school district recognizes that students, parents/guardians, and others may wish to show appreciation to school district employees or school board members and/or to a particular school or classroom. ~~It is the~~ The policy of the school district, however, is to discourage gift-giving to employees, and schools, classrooms, and school board members, and to encourage donors instead to write letters and notes of appreciation or to give small tokens of gratitude as memorabilia. Any gifts accepted of more than that are not of nominal value, shall become property of the District.

B. ~~It shall be a~~ A violation of this policy occurs when ~~for any an~~ employee ~~to~~ solicits, accepts, or receives either by direct or indirect means, a gift of greater than nominal value from a student, parent/guardian, or other individual or organization ~~of greater than nominal value.~~

C. ~~It shall be a~~ A violation of this policy occurs when ~~for any~~ employee ~~to~~ solicits, accepts, or receives gifts or donations, of greater than nominal value, to fund school or classroom items, by any means, including the use of a website, without prior approval of the building principal and/or in a manner that is otherwise out of compliance with Policy 706: Acceptance of Gifts.

D. ~~It shall be a~~ A violation of this policy occurs when ~~for any~~ employee ~~to~~ solicits, accepts, or receives a gift from a person or entity doing business with or seeking to do business with the school district. Employees may accept items of ~~insignificant~~ nominal value or less or of a promotional or public relations nature. ~~The superintendent has discretion to determine what value is "insignificant."~~

E. Teachers may accept from publishers free samples of textbooks and other related teaching materials.

F. This policy applies only to gifts given to employees where the donor's relationship with the employee arises out of the employee's employment with the school district. It does not apply to gifts given to employees by personal friends,

family members, other employees, or others unconnected to the employee's employment with the school district.

G. An elected or appointed member of the school board, the superintendent, school principals and building administrators, and district cabinet members, including the school business official, may not accept any gift valued at more than \$5 from an interested person.

III. DEFINITIONS

A. "Gift" means money, real or personal property, a service, a loan, a forbearance or forgiveness of indebtedness, or a promise of future employment, that is given without something of equal or greater value being received in return.

B. "Interested person" means a person or a representative of a person or association that has a direct financial interest in a decision that the school board, the superintendent, school principals and building administrators, or a district cabinet member is authorized to make.

C. "Nominal value" means a value of \$5 or less.

IV. PROCEDURES

Any employee or school board member considering the acceptance of a gift, individually or for any component ~~their school or classroom~~ of the district, shall confer with the administration for guidance related to the interpretation and application of this policy.

V. VIOLATIONS

Employees who violate the provisions of this policy may be subject to discipline, which may include reprimand, suspension, ~~and/or~~ termination and/or discharge. School board members who violate the provisions of this policy may be subject to discipline in accordance with applicable statute and school district policy.

School Board Policy 527

527 STUDENT USE AND PARKING OF MOTOR VEHICLES; PATROLS, INSPECTIONS AND SEARCHES

I. PURPOSE

The purpose of this policy is to provide guidelines for use and parking of motor vehicles by students in school district locations, to maintain order and discipline in the schools and to protect the health, safety and welfare of students and school personnel.

II. GENERAL STATEMENT OF POLICY

~~It is the~~ **The** policy of this school district **is** to allow the limited use and parking of motor vehicles by students in school district locations. ~~It is~~ ~~the~~ position of the school district **is** that a fair and equitable district-wide student motor vehicle policy will contribute to the quality of the students' educational experience., ~~will maintain order and discipline in the schools, and will protect the health, safety and welfare of students and school personnel.~~ This policy applies to all students in the school district.

III. DEFINITIONS

A. "Contraband" means any unauthorized item, possession of which is prohibited by school district policy and/or law. It includes, but is not limited, to weapons and "look-alikes", alcoholic beverages, controlled substances and "look-alikes", overdue books and other materials belonging to the school district, and stolen property.

(Order changed to be alphabetical)

B. "Reasonable scope" means that the scope and/or intrusiveness of the search is reasonably related to the objectives of the search. Factors to consider in determining what is reasonable include the seriousness of the suspected infraction, the reliability of the information, the necessity of acting without delay, the existence of exigent circumstances necessitating an immediate search and further investigation (e.g. to prevent violence, serious and immediate risk of harm or destruction of evidence), and the age of the student.

C. "Reasonable suspicion" means that a school official has grounds to believe that the search will result in evidence of a violation of school district policy, rules, and/or law. Reasonable suspicion may be based on a school official's personal observation, a report from a student, parent, or staff member, a student's suspicious behavior, a student's age and past history or record of conduct both in and out of the school context, or other reliable sources of information.

- D. "School district location" means property that is owned, rented, leased, or borrowed by the school district for school purposes, as well as property immediately adjacent to such property that may be used for parking or gaining access to such property. **A school district location also shall include any site where a school function occurs, such as school-sponsored or school-approved activity, event, or function, such as a field trip or athletic event, where students are under the jurisdiction of the school district.**

IV. STUDENT USE OF MOTOR VEHICLES IN SCHOOL DISTRICT LOCATIONS

Students generally are not permitted to use motor vehicles during the school day in any school district location. Students may use motor vehicles on the high school campuses during the school day only if there is an emergency and or permission has been granted to the student by the designated school official to use a motor vehicle. **Except for situations where students have completed the appropriate form and received permission, or when district transportation is not provided, students representing the school district through their participation in district events, sports, and activities, are required to use district provided transportation to and from district events.** ~~Students are permitted to use motor vehicles in school district locations outside of the school day only on the high school campuses. Student drivers are expected to be safe and courteous at all times.~~

V. STUDENT PARKING OF MOTOR VEHICLES IN SCHOOL DISTRICT LOCATIONS

- A. Students are permitted to park in a school district location as a matter of privilege, not of right. Students driving a motor vehicle to a high school campus may park the motor vehicle in the parking lot(s) and/or section of the parking lot(s) designated for student parking only. Students will not park vehicles in driveways, on private property, on street locations where parking is restricted, or in other designated areas, e.g. parking lots designated for use only by staff or by the general public, **including designated visitor parking areas. (visitor parking).** **Students who park in designated student parking areas must display a valid, school-issued parking permit. A valid permit is one that has been paid in full and has been issued by the school for the current term. The vehicle that is parked with the permit must be the vehicle on record with the school. Information about purchasing a parking permit can be found on the school's website and in the main office.**
- B. When there are unauthorized vehicles parked on school district property, school officials may:
1. move the vehicle or require the driver or other person in charge of the vehicle to move it off school district property; or

2. if unattended, provide for the removal of the vehicle, at the expense of the owner or operator, to the nearest convenient garage or other place of safety off of school district property.

VI. PATROLS, INSPECTIONS AND SEARCHES

School officials may conduct routine patrols of school district locations and routine inspections of the exteriors **and plain view interiors of student vehicles within plain view of the motor vehicles of students**. In addition, the interiors of motor vehicles of students in school district locations may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule.

A. Patrols and Inspections

School officials **personnel** may conduct routine patrols of student parking lots and other school district locations and routine inspections ~~of the exteriors~~ of the motor vehicles of students. Such patrols and inspections may be conducted without notice, without student consent, and without a search warrant.

B. Search of Interior of Student Motor Vehicle

The interiors of motor vehicles of students in school district locations, including glove or trunk compartments, may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule. The search will be reasonable in its scope and intrusiveness. Such searches may be conducted without notice, without consent, and without a search warrant. A student will be subject to withdrawal of parking privileges and to discipline if the student refuses to open a locked motor vehicle under the student's control or its compartments upon the request of a school official.

C. Prohibition of Contraband and Interference with Patrols, Inspections, Searches and/or Seizures

It shall be a **A** violation of this policy **occurs when** for students to store or carry contraband in motor vehicles in a school district location or interfere with patrols, inspections, searches and/or seizures as provided by this policy.

D. Seizure of Contraband

If a search yields contraband, school officials will seize the item and may turn it over to law enforcement officials.

E. Dissemination of Policy

A copy of this policy will be printed in the high school student handbook and/or disseminated in any other way which school officials deem appropriate.

VII. DIRECTIVES AND GUIDELINES

The superintendent is authorized to develop and present for school board review and approval reasonable directives and guidelines which address specific needs of the school district related to student use and parking of motor vehicles in school district locations, such as a permit system and parking regulations. Approved directives and guidelines shall be **provided to students**, attached as an addendum to this policy.

VIII. VIOLATIONS

A student found to have violated this policy and/or the directives and guidelines implementing it shall be subject to withdrawal of parking privileges and/or to discipline in accordance with the school district's Student Discipline Policy, which may include suspension, exclusion, or expulsion. In addition, the student may be referred to law enforcement when appropriate.

704 DEVELOPMENT AND MAINTENANCE OF AN INVENTORY OF FIXED ASSETS AND A FIXED ASSET ACCOUNTING SYSTEM

I. PURPOSE

The purpose of this policy is to provide for the development and maintenance of an inventory of the fixed assets of the school district and the establishment and maintenance of a fixed asset accounting system.

II. GENERAL STATEMENT OF POLICY

The policy of this school district is that a fixed asset accounting system and an inventory of fixed assets **will be** ~~has been~~ developed and ~~will be~~ maintained.

III. DEVELOPMENT OF INVENTORY AND ACCOUNTING SYSTEM

The superintendent or such other school official as designated by the superintendent or the school board shall be responsible for the development and maintenance of an inventory of the fixed assets of the school district, and for the establishment and maintenance of a formal fixed asset accounting system. The accounting system shall be operated in compliance with the applicable provisions of the Uniform Financial Accounting and Reporting Standards for Minnesota School Districts (UFARS). In addition, the inventory shall specify the location of all ~~continued~~ abstracts showing the conveyance of the property to the school district; certificates of title showing title to property in the school district; title insurance policies; surveys; and other property records relating to the real property of the school district.

When a piece of land, land improvement, building, piece of machinery, equipment or licensed vehicle have an original cost of \$5,000 or greater, it will be capitalized and placed on the fixed asset inventory. Land improvements, buildings, pieces of machinery, equipment and licensed vehicles will be depreciated over their useful life. Criteria for capitalization include all of the following:

- It retains its original shape and appearance with use
- It is nonexpendable; that is, if the article is damaged or some of its parts are lost or worn out, it is usually more feasible to repair it rather than replace it with an entirely new unit.
- It does not lose its identity through incorporation into a different or more complex unit or substance.

- It has a useful life of greater than five years.

Additionally, critical control assets, which include but are not limited to technology equipment, which have an original cost of less than \$5,000 will be inventoried for insurance purposes.

IV. REPORT

The administration shall annually update the property records of the school district and provide an inventory of the fixed assets of the school district to the school board.

AGENDA ITEM: **Rejection of Bid—Sunrise Park Middle School HVAC Replacement Phase I**

MEETING DATE: **March 2, 2015**

SUGGESTED DISPOSITION: **Operational Item**

CONTACT PERSON(S): **Dr. Wayne A. Kazmierczak, Director of Finance and Operations**

BACKGROUND:

Bids were received for work related to the Sunrise Park Middle School HVAC replacement project. After reviewing the information with the district's engineer for the project, Hallberg Engineering, Inc., it is recommended that all bids be rejected at this time. The bids significantly exceeded the preliminary cost estimates. The project will be rebid next fall or winter as part of a larger project at Sunrise in an attempt to reduce the cost of the project through economies of scale.

Recommendation: Move to reject all bids for work related to the Sunrise Park Middle School HVAC replacement project.
